"Too Dear!" is a short story by Russian author Leo Tolstoy first published in 1897. It is a humorous account of the troubles of dealing with a criminal in the kingdom of Monaco.

With appendices

This is the second volume of the annotated translation of Tsong Khapa’s Illumination of the Hidden Meaning of the Cakrasamvara Tantra. This is the first English translation of this important work, which marked a milestone in the Tibetan understanding and practice of the Indian Buddhist tantras. It covers the vows, observances, and conduct of the initiated yogi, particularly in relation to the yoginis, whose favor he must cultivate. It describes in great detail the rites of the tradition, including homa fire sacrifice and the uses of the mantras of the mandala’s main deities. The author provides a trilingual English-Tibetan-Sanskrit glossary. Together with the present author’s related publications in this series—including a translation of the Cakrasamvara root tantra (2007) and critical editions of its Sanskrit and Tibetan texts (2012), and the first volume of this master Tibetan commentary (2017)—the reader will have the first full study of this important tantra available in English.

Study on Śrīkrṣṇāvijaya by Śaṅkara, 16th century, Rukmiṇī kalyāṇa by Rājacūḍā maṇi Dīkṣiṭa, 17th century, and Harivilāsa by Lolimbarāja, 18th century, Sanskrit poems on the life and exploits of Krishna, Hindu deity.

This collection of original essays on Yoga in honour of Professor Gerald James Larson provides fascinating new insights into the yoga traditions of India as a historical and pluralistic phenomenon flourishing in a variety of religious and philosophical contexts.

This volume is the outcome of the Ninth International Indology Graduate Research Symposium held at Ghent University in September 2017, the fifth publication of proceedings from this series of symposiums. Like previous volumes, the current edition presents the results of recent research by early-career scholars into

the texts, languages, as well as literary, philosophical and religious traditions of South Asia. The articles here collected offer a broad range of disciplinary perspectives on a wide array of subject. In addition, in the lines of the well-established tradition of research in Jainism at Ghent University, this edition has a more specific “Jains and the others” main theme. The purpose of such a theme is to contribute to determine the input of Jainism in the broader framework of South Asian traditions, as well as to invite the reader to think beyond boundaries of religious or cultural identity. In this dynamic, two papers deal with Jain adaptations of famous Puranic narratives and two others with the relation between textual tradition and soteriological practices in Jainism. In concert, other innovative papers elaborate on Puranic and k?vya literature, include technical discussions on linguistics and engage in philosophical studies. Finally, set in the historical context of the hosting institution, this volume opens with a history of Indology in Belgium.
