Arjuna (Sanskrit: अर्जुनः, IAST: Arjuna) is the main protagonist of the Indian epic Mahabharata and also appears in other ancient Hindu texts. In the epic, he is the third among Pandavas, the five sons of Pandu. He was born when Indra, the god of rain, blessed Kunti and Pandu with a son. The family formed part of the royal line of the Kuru Kingdom.

In India, this herb has commanded well-deserved respect from the research community. The bark from the Arjuna tree has been used for thousands of years in Ayurveda to support numerous health concerns including, prominently, cardiovascular health.. Today, research is backing up these ancient claims and cardiologists are beginning to incorporate Arjuna into their cardio-care protocols.

Psychoanalytic philosopher Slavoj Žižek says that beyond these three categories there is a fourth, the unknown known, that which we intentionally refuse to acknowledge that we know: "If Rumsfeld thinks that the main dangers in the confrontation with Iraq were the 'unknown unknowns', that is, the threats from Saddam whose nature we cannot even suspect, then the Abu Ghraib scandal shows that the main dangers lie in the "unknown knowns"—the disavowed beliefs, suppositions and obscene ...

Arjuna is the immortal tale of one of India's greatest heroes. These pages retell in riveting detail the story of the Pandava Warrior-Prince who has captured the imagination of millions across centuries. This is the intense and human story of his loves, friendship, ambitions, weaknesses and follies, as well as his untimely death and revival, his stint as a eunuch, and the innermost reaches of his thoughts. Told in a refreshingly modern and humorous style and set against the staggering backdrop of the Mahabharata. Arjuna's story appeals equally to the average, discerning reader and the scholar. It spans the epic journey from before his birth, when omens foretold his greatness, across the fabled, wondrous landscape that was his life.

Composed over three thousand years ago, the Mahabharata is one of India's greatest epics. In this version, the author, in retelling the main narrative, retains the grandeur and flavour of the epic. The colour plates and black and white drawings by the Indian painter Badri Narayan add a new, rich, spectacular dimension to the classic.

Bringing together the study of the Greek classics and Indology, Arjuna-Odysseus provides a comparative analysis of the shared heritage of the Mahābhārata and early Greek traditions presented in the texts of Homer and Hesiod. Building on the ethnographic theories of Durkheim, Mauss, and Dumont, the volume explores the convergences and rapprochements between the Mahābhārata and the Greek texts. In exploring the networks of similarities between the two epic traditions, it also reformulates the theory of Georges Dumézil regarding Indo-European cultural comparativism. It includes a detailed comparison between journeys undertaken by the two epic heroes - Odysseus and Arjuna - and more generally, it ranges across the philosophical ideas of these cultures, and the epic traditions, metaphors, and archetypes that define the cultural ideology of ancient Greece and India. This book will be useful to scholars and researchers of Indo-European comparativism, social and cultural anthropology, classical literature, Indology, cultural and post-colonial studies, philosophy and religion, as well as to those who love the Indian and Greek epics.

Rikitin is an Indian Army sharpshooter and is considered one of the country's dangerous weapons. Meanwhile, across the border is also an individual who is considered just as skilled and dangerous. The latter is sent on a mission to unlock India's ancient secrets and awaken the spirit of an ancient warrior to get his hands on a dangerous weapon from mythical times. When the Indian army comes to know of the plot, they had to stop him and fast. A few intelligent and high ranking officials, armed with the latest technology and ancient wisdom, put Rikitin on a spiritual mission to save his country and millions of people. On his perilous journey,

## Read Book Aljuna Unknown

while he finds ancient wisdom, Rikitin is also given a choice to make a sacrifice. What is that ancient wisdom? Is he willing to make the sacrifice? What connections to the Mahabhartha would he discover? Is he the chosen one to be The Modern-Day Arjuna?

The enigmatic psyche of Hamlet, the prince of Denmark has raised myriad critical opinions, which see him as an indecisive hero, a lunatic, misogynist and a philosopher who failed as a son, lover and prince, leading a life of incest shadowed by inferiority complex and paranoia. The result is the son becoming the bane of his family. The book takes a fresh look at Hamlet, the hero, from a novel angle in the light of the philosophy of the Bhagavadgita, and projects him as a hero who fights many a battle in his mind against his own gunas until he gets refined as a Trigunatita. A glance at Hamlet criticism provides a kaleidoscopic view of the extensive critical readings on Hamlet ever since the text was published. This work captivates converging and diverging elements of the two masterpieces. In *Hamlet and Arjuna: Birds of a Feather*, Dr. Salia Rex analyses the psyche and actions of Hamlet, the tragic hero of William Shakespeare, and Arjuna, the mythological hero of Veda Vyasa, to unearth their converging elements and quintessential uniqueness as heroes.

The Bhagavad Gita is an ancient Sanskrit scripture with universal appeal that has been read for centuries, but its full meaning is little understood by Western culture. Even those with an encyclopedic knowledge of the Bible find it difficult to apply the Gita's practical lessons to daily living. Vijay Kumar Saxena unveils the mysteries of the text, including what it says about human nature and the "supreme secret" behind everything animate and inanimate in the universe. Learn what the Gita says about questions such as: Why do negative emotions often dominate our nature? Why do we behave as we behave? How can we convert our existential living into living with substance, meaning, and purpose? What is the universal truth of all religions? The author also explores whether there is a way to live life as naturally as a boat floats on a calm sea--cruising ahead and enjoying time with friends--with ample time to be who we want to be. Discover the powerful truths hidden in an ancient, sacred text and appreciate what it means to be human when you Feel the Bhagavad Gita.
