Ammonite (novel) - Wikipedia

nicola griffith is one of the best writers out there and if you haven't read her books you should. the only book of hers that left me cold was the third aud torvingen novel, Always, and the reason it left me cold is maybe similar to the reason why i found that this book, Ammonite, lost some steam 3/4 of the way through (it got it back before the end!).

## Acces PDF Ammonite Nicola Griffith

Highly imaginative -- Nicola Griffith has created a vivid world in which to unfold this story of a woman's journey and self-discovery. My friend describes this book as belonging to the category of "anthropological sci fi." I would also describe it as an ever-deepening story of a woman's coming home to herself.

Ammonite: Griffith, Nicola: 9780345452382: Amazon.com: Books

Nicola Griffith is a native of Yorkshire, England, where she earned her beer money teaching women ' s self-defense, fronting a band, and arm-wrestling in bars, before discovering writing and moving to the United States. Her immigration case was a fight and ended... More about Nicola Griffith Get news about Sci-Fi & Fantasy books, authors, and more

Ammonite by Nicola Griffith: 9780345452382 ...

Ammonite tells the story of a cultural researcher who reaches a planet where a virus kills all men, and a significant percentage of the women as well. Griffith uses the setting to discuss questions of sexuality and gender, of thinking from outside and what happens when a researcher finds herself a part of the research.

Ammonite— " Think Out Loud " bookclub | Nicola Griffith

Ammonite is a thought-provoking book, but it raised more questions than it answered for this reader. In Ms. Griffith ' s Afterward, she addresses some of her themes explicitly. I quote, because Ms. Griffith says it better than I can. ' Women are not aliens. Take away men and we do not automatically lose our fire and intelligence and sex drive ' . A society of women, in Ms. Griffith ' s view, is simply a society of people, with the inevitable spectrum of human behavior, bad and good.

Book Review: Ammonite, by Nicola Griffith

Griffith ' s ability to evoke a different time and place has manifested itself in very different ways over the years; her first two novels, Ammonite and Slow River, were both science fiction, though of very different types.

Nicola Griffith | Nicola Griffith

Nicola Griffith's *Ammonite* is a tale of planetary colonization with a twist. The planet GP was originally colonized centuries in the past but lost contact with Earth. The story begins after its rediscovery by a 'sinister' company only to learn that an endemic viral disease kills 100% of men and 80% of women.

Winner of the Lambda and Tiptree Awards • “ A knockout . . . Strong, likable characters, a compelling story, and a very interesting take on gender. ” —Ursula K. Le Guin *Change or die*. These are the only options available on planet Jeep. Centuries earlier, a deadly virus shattered the original colony, killing the men and forever altering the few surviving women. Now, generations after the colony lost touch with the rest of humanity, a company arrives to exploit Jeep—and its forces find themselves fighting for their lives. Terrified of spreading the virus, the company abandons its employees, leaving them afraid and isolated from the natives. In the face of this crisis, anthropologist Marghe Taishan arrives to test a new vaccine. As she risks death to uncover the women 's biological secret, she finds that she too is changing—and realizes that not only has she found a home on Jeep, but that she alone carries the seeds of its destruction. . . . *Ammonite* is an unforgettable novel that questions the very meanings of gender and humanity. As readers share in Marghe 's journey through an alien world, they too embark on a parallel journey of fascinating self-exploration. “ A powerful story of connection, allegiance, and obligation. Read Nicola Griffith 's book—and keep an eye out for her name in the future. ” —Vonda N. McIntyre “ A marvelous blend of high adventure and mind-boggling social speculation. ” —Kim Stanley Robinson

The James Tiptree Jr Award-winning novel. *Change or die*. These are the only options available on the planet Jeep. Winner of the James Tiptree, Jr. Award 1993

Possessing uncanny powers of observation that elevate her influence in turbulent seventh-century Britain, Hild, the king's youngest niece, is established as a seer and compelled to advise the king correctly at the risk of her loved ones. By the Nebula Award-winning author of Ammonite. 75,000 first printing.

Nicola Griffith, winner of the Tiptree Award and the Lambda Award for her widely acclaimed first novel Ammonite, now turns her attention closer to the present in Slow River, the dark and intensely involving story of a young woman's struggle for survival and independence on the gritty underside of a near-future Europe. She awoke in an alley to the splash of rain. She was naked, a foot-long gash in her back was still bleeding, and her identity implant was gone. Lore Van de Oest was the daughter of one of the world's most powerful families...and now she was nobody. Then out of the rain walked Spanner, an expert data pirate who took her in, cared for her wounds, and gave her the freedom to reinvent herself again and again. No one could find Lore if she didn't want to be found: not the police, not her family, and not the kidnappers who had left her in that alley to die. She had escaped...but she paid for her newfound freedom in crime, deception, and degradation--over and over again. Lore had a choice: She could stay in the shadows, stay with Spanner...and risk losing herself forever. Or she could leave Spanner and find herself again by becoming someone else: stealing the identity implant of a dead woman, taking over her life, and inventing her future. But to start again, Lore required Spanner's talents--Spanner, who needed her and hated her, and who always had a price. And even as Lore agreed to play Spanner's games one final time, she found that there was still the price of being a Van de Oest to be paid. Only by confronting her past, her family, and her own demons could Lore meld together who she had once been, who she had become, and the person she intended to be.... In Slow River, Nicola Griffith skillfully takes us deep into the mind and heart of her complex protagonist, where the past must be reconciled with the present if the future is ever to offer solid ground. Slow River poses a question we all hope never to need to answer: Who are you when you have nothing left?

A police lieutenant with the elite "Red Dogs" until she retired at twenty-nine, Aud Torvigen is a rangy six-footer with eyes the color of cement and a tendency to hurt people who get in her way. Born in Norway into the failed marriage between a Scandinavian diplomat and an American businessman, she now makes Atlanta her home, luxuriating in the lush heat and brashness of the New South. She glides

easily between the world of silken elegance and that of sleaze and sudden savagery, equally at home in both; functional, deadly, and temporarily quiescent, like a folded razor. On a humid April evening between storms, out walking just to stay sharp, she turns a corner and collides with a running woman, Catching the scent of clean, rain-soaked hair, Aud nods and silently tells the stranger Today, you are lucky, and moves on—when behind her house explodes, incinerating its sole occupant, a renowned art historian. When Aud turns back, the woman is gone.

From the author of *Hild*, a fierce and urgent autobiographical novel about a woman facing down a formidable foe *So Lucky* is the sharp, surprising new novel by Nicola Griffith—the profoundly personal and emphatically political story of a confident woman forced to confront an unnerving new reality when in the space of a single week her wife leaves her and she is diagnosed with multiple sclerosis. Mara Tagarelli is, professionally, the head of a multimillion-dollar AIDS foundation; personally, she is a committed martial artist. But her life has turned inside out like a sock. She can't rely on family, her body is letting her down, and friends and colleagues are turning away—they treat her like a victim. She needs to break that narrative: build her own community, learn new strengths, and fight. But what do you do when you find out that the story you've been told, the story you've told yourself, is not true? How can you fight if you can't trust your body? Who can you rely on if those around you don't have your best interests at heart, and the systems designed to help do more harm than good? Mara makes a decision and acts, but her actions unleash monsters aimed squarely at the heart of her new community. This is fiction from the front lines, incandescent and urgent, a narrative juggernaut that rips through sentiment to expose the savagery of America's treatment of the disabled and chronically ill. But *So Lucky* also blazes with hope and a ferocious love of self, of the life that becomes possible when we stop believing lies.

A spellbinding and subversive queer recasting of Arthurian myth by the legendary author of *Hild* The girl knows she has a destiny before she even knows her name. She grows up in the wild, in a cave with her mother, but visions of a faraway lake come to her on the spring breeze, and when she hears a traveler speak of Artos, king of Caer Leon, she knows that her future lies at his court. And so, brimming with magic and eager to test her strength, she breaks her covenant with her mother and, with a broken hunting spear and mended armour, rides on a bony gelding to Caer Leon. On her adventures she will meet great knights and steal the hearts of beautiful women. She will fight warriors and sorcerers. And she will find her love, and the lake, and her fate. Nebula and Lambda Award-winning author Nicola Griffith returns with *Spear*, a glorious queer retelling of Arthurian legend, full of dazzling magic and intoxicating adventure. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"Cold Wind", by Nicola Griffith, is a dark fantasy tale about a woman who enters a Seattle bar on a cold wintry night in the midst of the Christmas holidays, searching for something...or someone. "Rich description here. One thing about a writer like Griffith, I can read an opening like this with complete confidence there won't be a glittery vampire in the bathroom."--Locus At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Aud (it rhymes with "shroud" ) Torvingen is six feet tall with blond hair and blue eyes. She can restore a log cabin with antique tools or put

a man in a coma with her bare hands. As imagined by Nicola Griffith in this ferocious masterpiece of literary noir, Aud is a hero who combines the tortured complexity with moral authority. In the aftermath of her lover's murder, the last thing a grieving Aud wants is another case. Against her better judgment she agrees to track down an old friend's runaway fiancée--and finds herself up against both a sociopath so artful that the law can't touch him, and the terrible specters of loss and guilt. As stylish as this year's Prada and as arresting as a razor at the throat, Stay places Nicola Griffith in the first rank of new-wave crime writers. From the Trade Paperback edition.
