'Pink is my favourite colour. I used to say my favourite colour was black to be cool, but it is pink - all shades of pink. If I have an accessory, it is probably pink. I read Vogue, and I'm not doing it ironically, though it might seem that way. I once live-tweeted the September issue.' In these funny and insightful essays, Roxane Gay takes us through the journey of her evolution as a woman (Sweet Valley High) of colour (The Help) while also taking readers on a ride through culture of the last few years (Girls, Django in Chains) and commenting on the state of feminism today (abortion, Chris Brown). The portrait that emerges is not only one of an incredibly insightful woman continually growing to understand herself and our society, but also one of our culture. Bad Feminist is a sharp, funny and sincere look at the ways in which the culture we consume becomes who we are, and an inspiring call-to-arms of all the ways we still need to do better.

Bad Marie is the story of Marie, tall, voluptuous, beautiful, thirty years old, and fresh from six years in prison for being an accessory to murder and armed robbery. The only job Marie can get on the outside is as a nanny for her childhood friend Ellen Kendall, an upwardly mobile Manhattan executive whose mother employed Marie's mother as a housekeeper. After Marie moves in with Ellen, Ellen's angelic baby Caitlin, and Ellen's husband, a very attractive French novelist named Benoit Doniel, things get complicated, and almost before she knows what she's doing, Marie has absconded to Paris with both Caitlin and

Benoit Doniel. On the run and out of her depth, Marie will travel to distant shores and experience the highs and lows of foreign culture, lawless living, and motherhood as she figures out how to be an adult; how deeply she can love; and what it truly means to be "bad".

When funnyman Dave Barry asked readers about their least favorite tunes, he thought he was penning just another installment of his weekly syndicated humor column. But the witty writer was flabbergasted by the response when over 10,000 readers voted. "I have never written a column that got a bigger response than the one announcing the Bad Song Survey," Barry wrote. Based on the results of the survey, Dave Barry's Book of Bad Songs is a compilation of some of the worst songs ever written. Dave Barry fans will relish his quirky take. Music buffs, too will appreciate this humorous stroll through the world's worst lyrics. The only thing wrong with this book is that readers will find themselves unable to stop mentally singing the greatest hits of Gary Puckett.

The bad seed changes his mind about being bad and decides that he wants to be happy.

This book is about a group of actors who bring drama to the big screen the way the fair haired hero never could. The granddaddies of Darth Vader and J.R. Ewing--villains of the Westerns. Witty interviews with ten Hollywood heavies--Lee Van Cleef, Jack Elam, Strother Martin, others--about their backgrounds, and feelings about themselves, their families, and playing bad guys. Horner asks the right questions, pulls out good answers and shows a fondness for controversial and sensitive issues. Two sections contain 43 photos of these familiar grisly characters in well known roles. All in all a splendid portrayal of a bunch of fine fellows who make a living convincing audiences they are despicable, degenerate and mean. A thorough filmography and a solid index are included.

This book offers a rare glimpse into the hearts and minds of the profession's most famous authors, thinkers, and leaders when things aren't going so well. The authors interview twenty of the world's most famous practitioners who discuss their mistakes, misjudgements, and miscalculations on working with clients. (Midwest).
