Tip, outlines how to
change Deutz

1011/2011 Timing belts
in 13 easy steps. The
Deutz Model 1011 and
2011 series engines
don't rely upon cast
iron timing gears like
most industrial engines.
Rather they use a timing
belt. This belt should be

Download File

PDF Deutz

changed every 800 to 1,000 hours Because the engine is an interference fit engine, if the belt fails the pistons will hit the head and cause expensive damage.
