The Harry Potter series of books and movies are wildly popular. Many Christians see the books as largely if not entirely harmless. Others regard them as dangerous and misleading. In his book *A Landscape with Dragons*, Harry Potter critic Michael O'Brien examines contemporary children's literature and finds it spiritually and morally wanting. His analysis, written before the rise of the popular Potter books and films, anticipates many of the problems Harry Potter critics point to. *A Landscape with Dragons* is a controversial, yet thoughtful study of what millions of young people are reading and the possible impact such reading may have on them. In this study of the pagan invasion of children's culture, O'Brien, the father of six, describes his own coming to terms with the effect it has had on his family and on most families in Western society. His analysis of the degeneration of books, films, and videos for the young is incisive and detailed. Yet his approach is not simply critical, for he suggests a number of remedies, including several tools of discernment for parents and teachers in assessing the moral content and spiritual impact of this insidious revolution. In doing so, he points the way to rediscovery of time-tested sources, and to new developments in Christian culture. If you have ever wondered why a certain children's book or film made you feel uneasy, but you

Download Ebook Landscape With Dragons The Battle For Your Childs Mind Michael D

couldn't figure out why, this book is just what you need. This completely revised, much expanded second edition also includes a very substantial recommended reading list of over 1,000 books for kindergarten through highschool.

A Landscape With Dragons describes the degeneration of Western culture, its gradual replacement by pseudo-culture, and the resulting invasion of the Christian imagination - which the author describes as an ominous, even apocalyptic sign. Michael O'Brien's analysis of several aspects of the problem is incisive and detailed. His approach is not simply critical, however, for he suggests a number of remedies, offering parents tools of discernment for assessing children's books, videos and films. In doing so he points the way to rediscovery of time-tested sources, and to new developments in authentic Christian culture.

FAIRY TALES AND MYTHS have enriched childhood for centuries. In between "Once upon a time" and "happily ever after" we embark on adventures that seem an eternity away from our everyday lives. Yet nothing could be further from the truth. In *The Mysteries of Life in Children's Literature*, journey through a treasury of beloved fables and folk tales and discover the wisdom hiding within. In an age that rejects moral absolutes, children's literature restores the meaning of good and evil, beautiful and ugly, normal and abnormal—and helps us see the nature of our world more clearly than we ever have before.

In a modern mega-city built around dragons, one boy gets caught up in the world of underground dragon battles and a high-stakes gang war that could tear his family apart. Once, dragons nearly drove themselves to extinction. But in the city of Drakopolis, humans domesticated them centuries ago. Now dragons haul the city's cargo, taxi its bustling people between skyscrapers, and advertise its wares in bright, neon displays. Most famously of all, the dragons

battle. Different breeds take to the skies in nighttime bouts between the infamous kins—criminal gangs who rule through violence and intimidation. Abel has always loved dragons, but after a disastrous showing in his dragon rider's exam, he's destined never to fly one himself. All that changes the night his sister appears at his window, entrusting him with a secret...and a stolen dragon. Turns out, his big sister is a dragon thief! Too bad his older brother is a rising star in Drakopolis law enforcement... To protect his friends and his family, Abel must partner with the stolen beast, riding in kin battles and keeping more secrets than a dragon has scales. When everyone wants him fighting on their side, can Abel figure out what's worth fighting for?

Just a few years ago, people spoke of the US as a hyperpower—a titan stalking the world stage with more relative power than any empire in history. Yet as early as 1993, newly-appointed CIA director James Woolsey pointed out that although Western powers had "slain a large dragon" by defeating the Soviet Union in the Cold War, they now faced a "bewildering variety of poisonous snakes." In *The Dragons and the Snakes*, the eminent soldier-scholar David Kilcullen asks how, and what, opponents of the West have learned during the last quarter-century of conflict. Applying a combination of evolutionary theory and detailed field observation, he explains what happened to the "snakes"—non-state threats including terrorists and guerrillas—and the "dragons"—state-based competitors such as Russia and China. He explores how enemies learn under conditions of conflict, and examines how Western dominance over a very particular, narrowly-defined form of warfare since the Cold War has created a fitness landscape that forces adversaries to adapt in ways that present serious new challenges to America and its allies. Within the world's contemporary conflict zones, Kilcullen argues, state and non-state threats have increasingly come to resemble each other,

Download Ebook Landscape With Dragons The Battle For Your Childs Mind Michael D

with states adopting non-state techniques and non-state actors now able to access levels of precision and lethal weapon systems once only available to governments. A counterintuitive look at this new, vastly more complex environment, *The Dragons and the Snakes* will not only reshape our understanding of the West's enemies' capabilities, but will also show how we can respond given the increasing limits on US power.

Now with all new content by John Ringo! *Paradise Lost* In the future there is no want, no war, no disease nor ill-timed death. The world is a paradise³/₄and then, in a moment, it ends. The council that controls the Net falls out and goes to war. Everywhere people who have never known a moment of want or pain are left wondering how to survive. But scattered across the face of the earth are communities which have returned to the natural life of soil and small farm. In the village of Raven's Mill, Edmund Talbot, master smith and unassuming historian, finds that all the problems of the world are falling in his lap. Refugees are flooding in, bandits are roaming the woods, and his former lover and his only daughter struggle through the Fallen landscape. Enemies, new and old, gather like jackals around a wounded lion. But what the jackals do not know is that while old he may be, this lion is far from death. And hidden in the past is a mystery that has waited until this time to be revealed. You cross Edmund Talbot at your peril, for a smith is not all he once was. . . . At the publisher's request, this title is sold without DRM (Digital Rights Management). Praise for the Science Fiction of John Ringo "MARVELOUS!" ³/₄David Weber "Explosive. . . . Fans of strong military SF will appreciate Ringo's lively narrative and flavorful characters. . . . One of the best new practitioners of military SF." ³/₄Publishers Weekly ". . . since his imagination, clearly influenced by Kipling and rock and roll, is fertile, and his storytelling skill sound, [When the Devil Dances] is irresistible." ³/₄Booklist ". . . fast-paced military sf peopled with three-dimensional characters and spiced with personal drama as

Download Ebook Landscape With Dragons The Battle For Your Childs Mind Michael D

well as tactical finesse." ³/₄Library Journal "If Tom Clancy were writing SF, it would read much like John Ringo . . . good reading with solid characterizations³/₄a rare combination." ³/₄Philadelphia Weekly Press "Ringo provides a textbook example of how a novel in the military SF subgenre should be written. . . . Crackerjack storytelling." ³/₄Starlog

In the flame of battle, even the innocent get burned... Dyrfinna is a born commander. She bests her peers in dragon riding, sword fighting, and battle strategy. So when the Queen calls the people of Skala to battle to revenge her murdered daughter, Dyrfinna outfits a ship and brings a crew. Once in the field, Dyrfinna leads her troops to victory in a series of hard-fought battles against overwhelming odds. Yet a commander is raised over her, and because of his clumsy leadership, a great disaster results in the massacre of a quarter of the Queen's army. Then the commander unfairly blames a second disaster on Dyrfinna. The wrong stroke of her sword could undo everything she's ever worked for, earn her the fury of her friends ... and exile to certain death. But you can't keep a true warrior down. When things are darkest, a flame rises out of the desolation.

The first book in a series of dark tales and high adventure in the Eberron™ campaign setting. The Binding Stone features the brandnew races that were created specifically for the Eberron campaign setting. It's also the first Eberron novel to take its readers on an exploration of many uncharted territories in the setting. AUTHOR BIO: DON BASSINGTHWAITE is currently an editor for Black Gate Magazine and a contributor to the award-winning Bending the Landscape anthologies. His most recent work with Wizards of the Coast, Inc. was Yellow Silk, a Forgotten Realms® novel.
