In which part of North London were wild beasts once thought to roam the sewers? Why did 1920s working-class Londoners wear necklaces of blue beads? Who was the original inspiration for the 'pearly king' costume? And did Spring-heeled Jack, scourge of Victorian London, ever really exist? Exploring everything from local superstitions and ghost stories to annual customs, this is an enchanting guide to the ancient legends and deep-rooted beliefs that can be found the length and breadth of the city.

With a foreword by Iain Sinclair. London is an ancient city, whose foundation dates back literally thousands of years into the legendary prehistory of these islands. Not surprisingly it has accumulated a large number of stories, both historic and mythical, during this period, many

of which, though faithfully recorded at the time, have lain almost forgotten in dusty libraries throughout the city. The Secret Lore of London is a guide to the legends, including a discussion of their importance as part of the oral tradition of Britain, combining Prehistoric, Celtic, Arthurian, Roman, Saxon and Norman levels - each of which has contributed to the many-layered life of the city. The first part contains a unique selection of essays (some printed here for the first time) by experts in their fields, each of whom possesses a unique interest in the legends of these islands, and who have written widely on associated themes. The second part of the book will consist of a Gazetteer of the sites mentioned which are still in existence, together with various other sites of associated interest, compiled by the Editor, the contributors, and members of the London Earth Mysteries Group. This part will be fully updated and extended to include many more sites. The result is a wide ranging and wholly fascinating book, with wide sales application possible. A series of appendixes will include William Stukley's extraordinary document The Brill, which relates to the ancient prehistoric sites around the area of present day St. Pancras, and excerpts from some of the best known 19th and early 20th century works on Legendary London by Lewis Spence and Harold Bayley Contributors to the book are: Nigel Pennick John Matthews Caroline Wise Caitlín Matthews Carol Clancy R.J. Stewart Bernard Nesfield-Cookson Gareth Knight Robert Stephenson Geraldine Beskin Chesca Potter William Stukeley Lewis Spence Harold Bayley Alan V. Insole Ross Nichols

Yet the truth is that they arrived in Victorian times as props in gory plays for tourists. But the ravens' past has far more high drama. From the plains of the North American Indians to the arctic tundra, all the way to the Tower of London, they have been symbols of cruelty, of

Read PDF London Lore The Legends And Traditions Of Worlds Most Vibrant City Steve Roud

survival through adversity, and a loveable icon. Boria Sax shows how our attitudes to the raven and to the natural world have changed enormously over the centuries. By describing the distinct place of this special bird in Western culture, he shows how blurred the lines between myth and history can be. This is a unique and brilliantly readable story of the entwined lives of people and animals.

How long has a corpse been staring out at passengers on the tube? Was London Bridge really shipped abroad by an American thinking he'd bought Tower Bridge? Did the Queen really mix with the crowds as a princess on VE Day? And did Hitler actually want to live in Balham? Where are there razor blades hidden and where did all these parakeets come from? Did they really belong to Jimi Hendrix? Urban legends are the funny, frightening and fierce folklore people share. Just like the early folk tales that came before them, which were attempts to explain the spiritual world, these tales are formed from reactions to spectacular events in the modern world, and reflect our current values. From royal rumours to subterranean legends, Scott Wood has researched and written about them with a sense of wonder, humour and a keen eye. He finds the truth, the myth and the lies amongst these tales.

From royal rumours to subterranean legends, Scott Wood has researched and written about them with a sense of wonder, humour and a keen eye. He finds the truth, the myth and the lies amongst these tales.

Where can you find the 'Devil's footprints'? What happened at the 'hangman's stone'? Did Sweeney Todd, the demon barber of Fleet Street, ever really exist? Where was King Arthur laid to rest? Bringing together tales of hauntings, highwaymen, family curses and lovers' leaps, this magnificent guide will take you on a magical journey through England's legendary past.

City of cities, the modern world's first great metropolis, London has shaped everything from clothing to youth culture. It has a unique place in the world's memory, even as its role has changed from the capital of the planet to its playground, and as its lived history has mutated into the heritage industry. In this book, Londoner Phil Baker explores the city's history and the London of today, balancing well-known major events with more curious and eccentric details. He reveals a city of almost unmatched historical density and richness. For Baker, London turns out to be Gothic in all senses of the word and enjoyably haunted by its own often bloody past. And despite extensive redevelopment, as he shows in this engaging and insightful book, some of the magic remains.

Published in time for the 2014 World Cup, the ultimate collection of soccer's greatest lore and

Read PDF London Lore The Legends And Traditions Of Worlds Most Vibrant City Steve Roud

legends, illustrated with 100 black-and-white photos, by two of the world's most knowledgeable soccer journalists. *Who Invented the Bicycle Kick?* is a rollicking ride through soccer history that will surprise and delight fans old and new. Veteran soccer journalists Uli Hesse and editor Paul Simpson bring together the sublime feats, legendary personalities, neglected heroes, bizarre twists of fate, and fascinating mysteries that have shaped the world's most popular game, including: Who invented the bicycle kick? Why does a football match last 90 minutes? Who scored the fastest goal ever? Which match produced the largest number of red cards? Why are seven dead cats buried under a stadium in Argentina? Which country was banned from the World Cup after refusing to play in shoes? Providing answers to more than 100 questions, Hesse and Simpson explore the beautiful game as never before, shedding new light on legends such as Pele, Maradona, Messi, Beckham, Ronaldo, and Rooney, and uncovering lost histories of international clubs like Manchester United, Chelsea, Aston Villa, Real Madrid, Bayern Munich, and more. Challenging conventional wisdom, and destroying a few urban myths, *Who Invented the Bicycle Kick?* is a must for every soccer lover.

A clear and well-illustrated guide to the main characters and legends of Judaism This book captures the richness and vitality of traditional Jewish culture: a web of legend, folklore and superstition that is crucial to understanding Judaism. Topics include Jewish law, literature and poetry; the festivals of the Jewish year; the languages and sub-groups within the Jewish community; and the many countries that Jews have lived in. The book also reveals another side of Judaism, a world populated by angels and demons, sages and Kabbalists, and creatures unknown to zoologists.
