The Red Circle: My Life in the Navy SEAL Sniper Corps and How I Trained America's Deadliest Marksmen Now including an excerpt from The Killing School: Inside the World's Deadliest Sniper Program BEFORE HE COULD FORGE A BAND OF ELITE WARRIORS... HE HAD TO BECOME ONE HIMSELF. Brandon Webb's experiences in the world's most elite sniper corps are the stuff of legend. From his grueling years of training in Naval Special Operations to his combat tours in the Persian Gulf and Afghanistan, The Red Circle provides a rare and riveting look at the inner workings of the U.S. military through the eyes of a covert operations specialist. Yet it is Webb's distinguished second career as a lead instructor for the shadowy "sniper cell" and Course Manager of the Navy SEAL Sniper Program that trained some of America's finest and deadliest warriors-including Marcus Luttrell and Chris Kyle-that makes his story so compelling. Luttrell credits Webb's training with his own survival during the ill-fated 2005 Operation Redwing in Afghanistan. Kyle went on to become the U.S. military's top marksman, with more than 150 confirmed kills. From a candid chronicle of his student days, going through the sniper course himself, to his hair-raising close calls with Taliban and al Qaeda forces in the northern Afghanistan wilderness, to his vivid account of designing new sniper standards and training some of the most accomplished snipers of the twenty-first century, Webb provides a rare look at the making of the Special Operations warriors who are at the forefront of today's military. Explosive, revealing, and intelligent, The Red Circle provides a uniquely personal glimpse into one of the most challenging and secretive military training courses in the world.

"People don't often think of corruption or white-collar crap having an actual crime scene, but the Winner's Circle was the scene of this one." Will O'Courtney is the ultimate insider. Having worked as an experienced contract lobbyist in Indianapolis for over a decade, he knows all the ins and outs of back-room deals and trading information. Shortly after his divorce is finalized, Will resolves to turn his life around, and just when he starts to think of leaving the winning course, he lands a contract with a national tobacco company that would change his life forever. But when he discovers a scheme involving potential legislation for the monopoly of e-liquid tobacco products in the state, he finds out that malfeasance reaches the highest levels of government. Choosing to expose the seedy corruption behind closed doors in the Indiana Statehouse, Will becomes a whistleblower disguised as a lobbyist. As he deals with suspect colleagues, wondering who he can and cannot trust, Will finds himself falling in love with a sprightly and spiritual young woman, who ultimately leads him to see and uncover the deep cracks along the Winner's Circle and leave it for good. Set against the backdrop of contemporary events, Michael Leppert's intelligent and chilling thriller will leave you wanting more. Michael lives in a historic neighborhood in downtown Indianapolis with his wife, Amy Levander, and their rescue dog, Birdie. Flipping the Circle is his debut novel.

Thomas Hunter narrowly survives a shooting attempt only to awaken in an alternate universe of green forests, a world to which he subsequently travels every time he goes to sleep.

This story is for everyone--but not everyone is for this story. It is a dangerous tale of times past. A love story full of deep seduction. A story of terrible longing and bold sacrifice. Then as now, evil begins its courtship cloaked in light. And the heart embraces what it should flee. Forgetting it once had a truer lover. With a kiss, evil will ravage body, soul, and mind. Yet there remains hope, because the heart knows no bounds. Love will prove greater than lust. Sacrifice will overcome seduction. And blood will flow. Because the battle for the heart is always violently opposed. For those desperate to drink deep from this fountain of life, enter. But remember, not everyone is for this story. "A heart-wrenching journey of redemption and hope that left me sobbing, laughing, and clinging to every word."--Donna McChristian, 44, Environmental Chemist

Adapted from the "New York Times" bestseller for adults--the true story of an unsung hero, whose actions on September 11th offer a lasting lesson about character, calling, and courage.
