Want to know where Chuck Palahniuk's tonsils currently reside? Been looking for a naked mannequin to hide in your kitchen cabinets? Curious about Chuck's debut in an MTV music video? What goes on at the Scum Center? How do you get to the Apocalypse Caf ? In the closest thing he may ever write to an autobiography, Chuck Palahniuk provides answers to all these questions and more as he takes you through the streets, sewers, and local haunts of Portland, Oregon. According to Katherine Dunn, author of the cult classic *Geek Love*, Portland is the home of America's "fugitives and refugees." Get to know these folks, the "most cracked of the crackpots," as Palahniuk calls them, and come along with him on an adventure through the parts of Portland you might not otherwise believe actually exist. No other travel guide will give you this kind of access to "a little history, a little legend, and a lot of friendly, sincere, fascinating people who maybe should've kept their mouths shut." Here are strange personal museums, weird annual events, and ghost stories. Tour the tunnels under downtown Portland. Visit swingers' sex clubs, gay and straight. See Frances Gabe's famous 1940s Self-Cleaning House. Look into strange local customs like the I-Tit-a-Rod Race and the Santa Rampage. Learn how to talk like a local in a quick vocabulary lesson. mankind. Bestselling novelist Chuck Palahniuk is back with his greatest creation, the sequel to the book that spent six months on the 2016 New York Times bestseller list. Teaming once again with award-winning artists Cameron Stewart and David Mack, Palahniuk leads a full frontal assault of the culture, from online dating to weaponized STDs, as a strange picture frame opens a road to paradise. 2019's bestselling twelve-issue series is collected in one massive hardcover. Get in touch with your ugly side. Collects Fight Club 3 issues #1-#12. "Whether you've been a fan since the '90s or were hooked by the jump to comics, you'll want to see what comes next in this highly unpredictable saga." - PASTE MAGAZINE "Fight Club 3 is everything that a sequel to a sequel should be. It elevates the dark themes of the novel and the first graphic novel to the next illogical, insanely violent step." - COMICON.COM "Palahniuk's work takes some of our greatest shortcomings--insufficient or inadequate parenting, toxic isolation-- then magnifies and underlines them in fractured skulls and drunken vomit." - PLAYBOY "Scabby and surreal." - DEADLINE HOLLYWOOD "The first rule of the comic book incarnation of Fight Club is that it'll look good." - HOLLYWOOD REPORTER "Ambitious." - ADVENTURES IN POOR TASTE "Trippy." - EVERYTHING ACTION "The talent and care that went into this issue is palpable, from David Mack's cover to Nate Piekos' lettering... This book does not allow you to get comfortable." - COMICWATCH "Stewart continues to do the Fight Club saga justice with his artwork...flies and all." - ROGUES PORTAL "Bold...Palahniuk doesn't give us what we want here but rather what we need. Namely a story that makes the reader think not just about what's going on but also about their own expectations of the archetypes portrayed in the story; the flies buzzing on the page hinting at a character's intent; the name drop of "snowflake" for a caller I.D.; a subtle tattoo on the neck. All raising enough questions to leave us staring at every panel with the steely focus of a seasoned detective combing a crime scene for clues." - BIG COMIC PAGE

Victor Mancini, a medical-school dropout, is an antihero for our deranged times. Needing to pay elder care for his mother, Victor has devised an ingenious scam: he pretends to choke on pieces of food while dining in upscale restaurants. He then allows himself to be "saved" by fellow patrons who, feeling responsible for Victor's life, go on to send checks to support him. When he's not pulling this stunt, Victor cruises sexual addiction recovery workshops for action, visits his addled mom, and spends his days working at a colonial theme park. His creator, Chuck Palahniuk, is the visionary we need and the satirist we deserve.

"A harrowing, perverse, laugh-aloud funny rocket ride of catastrophes...Gutsy, terse and cunning, Invisible Monsters may emerge as Palahniuk's strongest book." -Greg Berkman, Seattle Times She's a fashion model who has everything: a boyfriend, a career, a loyal best friend. But when a sudden freeway "accident" leaves her disfigured and incapable of speech, she goes from being the beautiful center of attention to being an invisible monster, so hideous that no one will acknowledge she exists. Enter Brandy Alexander, Queen Supreme, one operation away from becoming a real woman, who will teach her that reinventing yourself means erasing your past and making up something better. And that salvation hides in the last places you'll ever want to look.

The hyperactive love child of Page Six and Whatever Happened to Baby Jane? caught in a tawdry love triangle with The Fan. Even Kitty Kelly will blush. Soaked, nay, marinated in the world of vintage Hollywood, Tell-All is a Sunset Boulevard-inflected homage to Old Hollywood when Bette Davis and Joan Crawford ruled the roost; a veritable Tourette's syndrome of rat-tat-tat name-dropping, from the A-list to the Z-list; and a merciless send-up of Lillian Hellman's habit of butchering the truth that will have Mary McCarthy cheering from the beyond. Our Thelma Ritter-ish narrator is Hazie Coogan, who for decades has tended to the outsized needs of Katherine "Miss Kathie" Kenton--veteran of multiple marriages, career comebacks, and cosmetic surgeries. But danger arrives with gentleman caller Webster Carlton Westward III, who worms his way into Miss Kathie's heart (and boudoir). Hazie discovers that this boulder has already written a celebrity tell-all memoir foretelling Miss Kathie's death in a forthcoming Lillian Hellman-penned musical extravaganza; as the body count mounts, Hazie must execute a plan to save Katherine Kenton for her fans--and for posterity. Tell-All is funny, subversive, and fascinatingly clever. It's wild, it's wicked, it's bold-faced--it's vintage Chuck.

Think adolescence is hell? You have no idea... Welcome to Dante's Inferno, by way of The Breakfast Club, from the mind of American fiction's most brilliant troublemaker. "Death, like life, is what you make out of it." So says Madison, the whip-tongued 11-year-old narrator of Damned, Chuck Palahniuk's subversive homage to the young adult genre. Madison is abandoned at her Swiss boarding school over Christmas while her parents are off touting their new film projects and adopting more orphans. Over the holidays she dies of a marijuana overdose--and the next thing she knows, she's in Hell. This is the afterlife as only Chuck Palahniuk could imagine it: a twisted inferno inspired by both the most extreme and mundane of human evils, where The English Patient plays on repeat and roaming demons devour sinners limb by limb. However, underneath Madison's sad teenager affect there is still a child struggling to accept not only the events of her dysfunctional life, but also the truth about her death. For Madison, though, a more immediate source of comfort lies in the motley crew of young sinners she meets during her first days in Hell. With the help of Archer, Babette, Leonard, and Patterson, she learns to navigate Hell--and discovers that she'd rather be mortal and deluded and stupid with those she loves than perfect and alone.

NATIONAL BESTSELLER • From the author of the New York Times bestseller Choke and the cult classic Fight Club, a cunningly plotted novel about the ultimate verbal weapon, one that reinvents the apocalyptic thriller for our times. "A harrowing and hilarious glimpse into the future of civilization." -Minneapolis Star-Tribune Ever heard of a culling song? can find one on page 27 of Poems and Rhymes from Around the World, an anthology that is sitting on the shelves of libraries across the country, waiting to be picked up by unsuspecting readers. Reporter Carl Streater discovers the song's lethal nature while researching Sudden Infant Death Syndrome, and before he knows it, he's reciting the poem to anyone who bothers him. As the body count rises, Streater glimpses the potential catastrophe if someone truly malicious finds out about the song. The only answer is to find and destroy every copy of the book in the country. Accompanied by a shady real-estate agent, her Wiccan assistant, and the assistant's truly annoying ecoterrorist boyfriend, Streater begins a desperate cross-country quest to put the culling song to rest.

Haunted is a novel made up of twenty-three horrifying, hilarious, and stomach-churning stories. They're told by people who have answered an ad for a writer's retreat and unwittingly joined a "Survivor"-like scenario where the host withholds heat, power, and food. As the storytellers grow more desperate, their tales become more extreme, and they ruthlessly plot to make themselves the hero of the reality show that will surely be made from their plight. This is one of the most disturbing and outrageous books you'll ever read, one that could only come from the mind of Chuck Palahniuk.

Madison Spencer, the liveliest and snarkiest dead girl in the universe, continues the afterlife adventure begun in Chuck Palahniuk's bestseller Damned. Just as that novel brought us a brilliant Hell that only he could imagine, Doomed is a dark and twisted apocalyptic vision from this provocative storyteller. The bestselling Damned chronicled Madison's journey across the unspeakable (and really gross) landscape of the afterlife to confront the Devil himself. But her story isn't over yet. In a series of electronic dispatches from the Great Beyond, Doomed describes the ultimate showdown between Good and Evil. After a Halloween ritual gone awry, Madison finds herself trapped in Purgatory—or, as mortals like you and I know it, Earth. She can see and hear every detail of the world she left behind, yet she's invisible to everyone who's still alive. Not only do people look right through her, they walk right through her as well. The upside is that, no longer subject to physical limitations, she can pass through doors and walls. Her first stop is her parents' luxurious apartment, where she encounters the ghost of her long-deceased grandmother. For Madison, the encounter triggers memories of the awful summer she spent upstate with Nana Minnie and her grandfather, Papadaddy. As she revisits the painful truth of what transpired over those months (including a disturbing and finally fatal meeting in a rest stop's fetid men's room, in which . . . well, never mind), her saga of eternal damnation takes on a new and sinister meaning. Satan has had Madison in his sights from the very beginning: through her and her narcissistic celebrity parents, he plans to engineer an era of eternal damnation. For everyone. Once again, our unconventional but plucky heroine must face her fears and gather her wits for the battle of a lifetime. Dante Alighieri, watch your back; Chuck Palahniuk is gaining on you.
