The Epson 7600 and 9600 ushered in the revolution in digital printmaking starting in 2003. No other machine has changed photography so much. The machines are still in operation today and many people use them for Piezography. We suggest you only buy a 7600 or 9600 that is in perfect operating condition. It's not worth the time and effort to resuscitate this machine from the dead for Piezography.
