## Children's Book Review: The Doom Machine by Mark Teague

...

the doom machine, by MARK TEAGUE was an interesting book for today's youth- as well as people, such as myself to pass the time away. It wasn't anything magical so I didn't give it a five star. But it was an interesting play on words. I took lots of sticky notes like my children do in school.

# Acces PDF The Doom Machine Mark Teague

Teague takes readers on a funny, outrageous adventure when the small, sleepy town of Vern Hollow is invaded by a flying saucer filled with ridiculously inept aliens. When a spaceship lands in nearby Dutch Woods, juvenile delinquent Jack Creedle and prim A-student Isadora Shumway form an unexpected friendship.

# Acces PDF The Doom Machine Mark Teague

What is unsurprising, considering his picture books, is that Mark Teague would write something funny. The Doom Machine is set in a small town called Vern Hollow in 1956, and its hero is a boy who can fix just about anything, though he's prone to getting in trouble. Of course, Jack wouldn't have to spend so much time fixing cars for his Uncle Bud if the man weren't playing mad scientist in his garage laboratory.

## Mark Teague Books | List of books by author Mark Teague

People's Choice For taking me out of my world in 2019, this award goes to "The Doom Machine" by Mark Teague. A cast of oddball characters witnesses an alien invasion in 1950s Upstate New York. There's a boy who can fix any engine (including a flying saucer's), and a girl who can throw a baseball with deadly accuracy.
